Dear Ward 16 resident,

On Tuesday, May 13, 2008 I will be holding a joint community consultation with TDSB Trustee Howard Goodman, to discuss tentative measures to keep the pools at Lawrence Park Collegiate Institute, Glenview SR Public School and Allenby JR Public School open and operational.

The pools that service our ward are important community assets that provide a wonderful recreational outlet for the children, families and people that call Ward 16 home. Please join us on May 13th to provide your input and discuss possible measures to keep our pools open.

If you have any questions in the interim please contact our office at 416-392-4090

Look forward to seeing you on May 13th!

Yours truly,

Karen Stintz
