

HANDS HELPING THE PHILIPPINES / COUP DE MAIN POUR LES PHILIPPINES

WHAT TO DO:

Kids are to complete five age-appropriate “jobs” or household tasks to earn money. We recommend they earn one dollar per “job” but this amount is completely discretionary, as are the household “jobs”.

Please have your child write his/her name on the hand and the “job” on each finger.

Once completed, please have your child bring back to his/her teacher:

(1) the cut out hand; and

(2) the money earned with the accompanying completed form.

Please keep the hand separate from the envelope containing the money and form. The hand will then be placed on a wall with the rest of the “helping hands”.
